

# G 32.35

Higher productivity. Lower investment.

Need to iron large bed sheets without folding at a reasonable budget?

# G 32.35 is the answer

.....  
Ironing made smart  
with GMP  
.....

## Excellent results in one time

G32.35 features a 3.20 m wide ironing surface and allows to process in one single time large bed sheets without folding them. The ironing process is optimized with the guarantee of an outstanding result.

## Superior performance

Thanks to its efficient heating system G32.35 grants a high productivity. Ironing time is significantly reduced bringing further saving on utilities and labour.

## Affordable investment

G32.35 is the ideal solution for the activities looking for a balance between productivity and budget. Combining a wide ironing surface with a compact structure, G32.35 grants an increased performance within an affordable budget.

# A guaranteed quality choice

## CHROMED CYLINDER

Hygiene and long-term saving with the wax-free anti-corrosion chrome coating

Linen destined to come in contact with food or human skin should not be contaminated by oxidation products that inevitably form on the surface of a polished cylinder. Opting for a chromed cylinder is almost a must in a modern world. And advantages are numerous:

- **MAXIMUM HYGIENE**  
Laboratory tests have demonstrated that chromed surfaces are ideal to grant the maximum hygiene, and new researches proved they grant an even better resistance to bacterial growth than stainless steel.
- **LESS MAINTENANCE**  
Chromed cylinder reduces ordinary maintenance costs: it is no more necessary to apply wax daily or weekly. Preventive maintenance costs are completely cut: no waxing is required during seasonal shutdowns of the laundry, no periodical exhaust motors and piping cleaning from wax residuals needed.
- **BETTER IRONING QUALITY AND LONGER LASTING**  
Ironing quality improves thanks to the smoother cylinder surface guaranteed by the chrome coating. Output remains constant over the years, thanks to belts maintaining their transpiration capacity: wax makes them impermeable, indeed. Moreover, lifespan of the belts and of the pressure roller covering considerably extends thanks to being submitted to less frictions.

Hard chrome coating is guaranteed 3 years against corrosion and is available for all G.line models.

# Technical data & installation information

## G32.35

<b>Cylinder Dimensions</b>	3200 x Ø325 mm
<b>Supply Tension *</b>	
Electric	V.400/3N/50Hz
Gas/Steam	V.230/1/50Hz
<b>HEATING SOURCE</b>	
<b>Electric</b>	Heating Power 39,6 kW
<b>Gas</b>	Thermal Power 47,25 kW
	Gas Consumption Nat. Gas 5 m <sup>3</sup> /h
	Gas Consumption LPG 3,7 kg/h
<b>Steam</b>	Average Consumption 40 kg/h
<b>MOTOR(S)</b>	
<b>Electric/Steam</b>	1 kW
<b>Gas</b>	1,2 kW
<b>TOTAL ABSORPTION</b>	
Electric	V.400/3: 59 A
Gas/Steam	V.230/1: 5 A
<b>Ironing Speed, Variable</b>	1,6 ÷ 5 m/min
Steam Extraction	405 m <sup>3</sup> /h
Fumes Extraction	140 m <sup>3</sup> /h
<b>Hourly Production (Recommended Moisture 50%)</b>	80 kg
<b>Ironer Dimensions (wxdxh)</b>	3740x585x1140 mm
<b>Packing Dimensions (wxdxh)</b>	3850x730x1560 mm
<b>Weight, Gross/Net</b>	780/715 kg
